

Operations, Information Technology, and Facilities

Miriam Ferguson, CIO/COO
Quarterly Report
October 2020

IT

- Transitioning to Office 365.
 - Cloud based
 - Team oriented
 - Better security – email encryption
- Starting to transition our email system

Facilities

- Modular unit at HomeTown is almost ready for use. This will be used to see sick patients.
- UV lights are being installed on our heating and cooling systems.
- Evaluating a sick triage area for Uptown.
- Working on TCC remodeling plans.

Operations

- Running Mobile Testing sites on Wednesdays.
 - Partnering with Edith Childs, DHEC, Emergency Management, and National Guard.
 - Upcoming events can be found on our websites.
 - Numbers have slowed down.
 - DHEC supplies test kits.
 - DHEC contract.
 - We supply personnel. The cost is applied to the grant for COVID testing.
- Research project

Miscellaneous

- Employee Health Coordinator
- Employee sickness due to COVID is down a bit.
- When mask are worn appropriately in the office, we are not seeing the spread of COVID to other employees.

Early Childhood Services
