

# CAROLINA HEALTH CENTERS

## Risk Management Committee

June 17, 2025

### MINUTES

MEMBERS PRESENT (V), ABSENT EXCUSED (A), SICK (S):

|   |   |   |  |
|---|---|---|--|
| A | Kim Anderson, Financial Analyst/Project Manager         | √ | Lisa Gilmer, Revenue Cycle Manager                                   |
| A | Tim Anderson, Chief Information Officer                 | A | Jessica Jacobs, Director of Behavioral Health                        |
| √ | Derek Bannister, Director of Family Medicine Operations | √ | Natasha Johnson, Director of Quality and Population Health           |
| A | Jessica Brock, Director of Pediatric Operations         | √ | Bonnie Lee, Director of Pediatric Clinical Support Services          |
| A | Erika Dorn, Pediatric Practice Clinical Coordinator     | √ | Nikki Richard, Director of Family Medicine Clinical Support Services |
| √ | Joe Eiland, Facilities Manager                          | √ | Amy Satterwhite, Pharmacy Operations Manager                         |
| √ | Miriam Ferguson, Chief Operations Officer               | √ | Locke Simons, Chief Medical Officer, chair                           |

- I. The meeting was called to order by Locke Simons at 8:32am.
- II. Minutes from April 22, 2025, meeting approved by motion from B. Lee and seconded by A. Satterwhite.
- III. **Incident report review/summarization with noted trends or issues since last meeting:** State of incident reports disrupted due to key staffing change. Reorganizing and getting back on track. Dashboard updated through Q4 2024. The overall trend so far this year is a large number of patients being referred to the ED. There have been some documentation errors reported and a pt fall at one of the locations. Overall, the volume of incidents reported is low.
- IV. **Current state assessment**
  1. Quarterly and high-risk management assessment –
    - a. Two assessments done for the first two quarters of 2025. Q2 assessment to be discussed today.
    - b. No high-risk assessment completed yet for 2025.
  2. Annual report – Presented to board on April 28, 2024. Presented earlier this year to be available for the FTCA application, accepted and approved by the board of directors.
  3. Setting and tracking progress regarding annual risk management goals –  
Risk Management Goals –
    - (1) **Fully established RM plan** - Done
    - (2) **RM training plan** – Done and implemented, including OB training requirement. Need to review plan for 2025.
    - (3) **Annual staff training completion rate greater than 95% by end of year** – Completion rate for 2024 was 98.8%, surpassing our goal of 95%. YTD rate is 89.3%. OB training has not yet been assigned to staff.
    - (4) **Risk Management Assessments** – current
  4. Annual risk management training plan – Still need trainings for specific groups – ECRI recommendation for FTCA.
    - (1) There was discussion regarding the need to provide education that is role specific as well as annual competencies.
    - (2) N. Johnson stated that Fraud, Waste and Abuse (FWA) training has been added to the providers and billing staff. B. Lee mentioned that this is important for all staff and that we need to review what training we are providing for annual training to all staff for the upcoming 2026 training expectations from a compliance perspective including enhancing HIPAA education. N. Johnson also mentioned a training on sex trafficking that is available but not provided to all staff.
    - (3) N. Richard and B. Lee continue to work on onboarding and annual competency training for clinical staff that should be ready for fall. This was delayed due to policies and procedures requiring updates.
- V. **Old business**

1. E&M coding. Billing department staff are now performing regular audits for compliance, now planning on every provider twice per year, reporting to providers and copying CMO for review. Have had a few Lunch and Learn sessions with staff. Will continue to pursue basic Coding 101 sessions with each site to lay basics of coding. External audit completed but results not shared yet – will try to summarize results and share. Aledade training is helping as well.
2. Timely encounter closure. CMS recommends 24 to 48 hours. New contract term and new bonus calculation item in place. Dashboard for providers to show their progress. A couple of strategies were implemented to help the few offenders. Dr. Braye is getting involved with FM providers. There are currently two providers at a decreased salary due to timely note closure and another on an improvement program.
3. Meeting HRSA FTCA expectations. Facktor report was shared with the committee after the last meeting. Currently on track for expectations. We did not meet the FTCA expectations for 2024 related to completion of risk assessments therefore Dr Simons is meeting with FTCA this week to review due to the upcoming submission of our application to ensure that they will accept our plan.
4. Incident reports. Performance Health will be implemented as an electronic platform for incident reports and compliance functions. Will develop for all organization to use, including pharmacy, so that we are on one unified system. The current go-live for implementation is mid-July to early August 2025. There will need to be solid education provided to staff related to incident reporting to shift the mindset to patient and staff safety.
5. Electronic submission of screenings/forms for peds to mitigate risk of misfiling, missing completely, or erroneous results in the chart. Welcome Tablets implementation is currently on hold due to errors encountered by J Strutton when testing the new WCC note with the screenings. This will decrease errors in screening entries.
6. Scanning/chart entry error – Erroneous chart entry seen by patients before correction. Email sent out by T. Anderson. Quality developed a reporting mechanism for finding and reporting clinical/quality issues seen in EHR and those entries have been entered. Johnson to review data and get with clinical and operations team to review. Item scanned into the wrong chart should result in an incident report.
7. Vaccine and med admin errors - TriNet wand scanner went live at the Lakelands Peds site today. The goal of this is to reduce medication errors and improve documentation of immunizations and other medications administered in the office

**VI. New business**

**VII. Assessments –**

1. High-risk assessment not yet done for this year, need to consider options.
2. Q1 and Q2 2025 assessments have been done, Q2 assessment discussed today. Need action plan.
  - a. B. Lee completed a Risk Assessment for Infection Control for Q2. The results were reviewed with the committee today and an action plan for the results is forthcoming

**VIII. Action items: attached**

**IX. Risk Management Dashboard: attached**

**Next RMC meeting: August 19, 2025 – 8:30am**

The meeting was adjourned at 9:23am.

**Locke E. Simons, MD**  
Chief Medical Officer

**Bonnie J. Lee, MSN, RN**  
Interim Director of Compliance/ Pediatric Director of  
Clinical Support Services

## Action Items (Not completed)

| Date Created | Assessment Issue or Question (if applicable)   | Tasks Required   | Priority | Assigned to                  | Deadline  | Status      | Comments  |
|--------------|--|--|----------|------------------------------|-----------|-------------|---|
| 8/31/2024    | Is there a definition of a near-miss or good-catch event? Are staff educated on the process to report a near-miss event?                                 | Incident report and near-miss education needed   | med      | Risk Manager                 | 9/1/2025  | not started | Updated deadline – Facktor – maybe ECRI material in time being?   |
| 8/31/2024    | Is staff competency with critical skills assessed on at least an annual basis? Complete, document, and maintain record of assessment of critical skills. | Complete, document, and maintain record of assessment of critical skills.  | high     | Richard Lee                  | 9/1/2025  | in progress | pending approval of policies and procedures   |
| 12/30/2024   | Are colonoscopies with polyps mistakenly followed-up with Cologuard or FIT tests?  | Review Health Maintenance topic documentation workflow   | med      | Richard                      | 9/1/2025  | not started |   |
| 12/30/2024   | Are items labeled as “colonoscopies” truly colonoscopies?  | Review workflow with document staff for accurate labeling  | med      | Bannister                    | 9/1/2025  | in progress | Working on additional training. Solarity Pro implementation should help greatly with this   |
| 12/31/2024   | What barriers are preventing patients from picking up their medications  | Obtain information from the patient-has the med been discontinued, cost, transportation, etc.  | high     | Satterwhite Bannister        |           | in progress | Information asked of PSRs to provide if patient does not pick up meds requested to be delivered to sites. Options: B-fund request, cheaper medication, home delivery or site delivery, manufacturer coupons, etc. Will work on getting better info. |
| 3/31/2025    | #5 Post a list of our fees for service for patients  | Get an up to date list of our most frequent services and fees from Lisa Gilmer   | low      | Brock                        | 9/1/2025  | in progress | Lisa working on - just needed more details on what is needed.   |
| 3/31/2025    | # 23 & 24 Moc Codes and other drills should be routine, documented and post drill assessment   | Schedule mock codes at sites, meet with the leadership team afterwards to discuss successes, failures, etc.                              | med      | Brock Bannister Richards Lee | 10/1/2025 | in progress | Fire drill at Lakelands and HTP.  |
| 3/31/2025    | #26 elevated training for staff on deescalation on the phone and in person   | Research training materials and incorporate those into our onboarding and annual training, bring in BH to help assist with this training | med      | Brock Bannister              | 10/1/2025 | in progress | Brock in discussions with SLED. 1.5hr training for all peds staff. Consider motivational interviewing training.   |
| 3/31/2025    | #62 & 63 Documentation and tracking of complaints & grievances   | Create a written process/policy on documentation and tracking of patient complaints  | med      | Brock                        | 10/1/2025 | in progress | Will disseminate policy and form for patient complaints.  |

## 2025 Dashboard
